Ingredients: 100% Sacha Inchi (*Plukenetia volubilis*).

Sacha Inchi - Human Food

T60 Textured Vegan Protein Flakes

- Our Organic Sacha Inchi Powder is composed of the de-fatted seed once it has been cold-pressed to produce Sacha Inchi omega-3 oil.
- It is a premium source of plant-based protein due to its high digestibility (99%), which sets it apart from other vegetarian protein sources.
- In addition, Sacha Inchi powder contains all the essential amino acids and retains a content of beneficial, anti-inflammatory omega-3 fatty acids.

T60 Textured Vegan Protein Flakes

- **PURE & COMPLETE PROTEIN:** Contains all essential amino acids, which makes it a complete protein necessary for muscle growth and building strong bodies. It is also a good source fiber, iron, and calcium.
- **GROWN IN ITS PLACE OF ORIGIN,** the depths of the Amazon Rainforest of Peru.
- **VERSATILE & EASY TO USE:** With its mild, nutty taste, it makes for a great addition to smoothies and juices, baked and non-baked goods, yogurt and cereal, savory dishes and more!
- Our Sacha inchi seeds pass through an organic dehydration process, followed by fine grinding & gelatinization, making it an easy-to digest, nutrient-rich powder.

Sacha Inchi - Human Food

T60 Textured Vegan Protein Flakes

- T60 Protein Powder is made from only all-natural, carefully grown Sacha Inchi seeds found in the tropical regions of Laos.
- It is sieved using an ultra-fine 200 microns process and packed at the peak of freshness, ready to be delivered to your doorstep.
- How to use T60 Vegan Protein Powder? Our powder's strength lies in its ability to be mixed with almost anything, enhancing the flavor of its host:
 - Add it to your morning oatmeal or yogurt
 - Make protein pancakes
 - Include in scrambled eggs for an extra shot of complete amino acids
 - Stir into your pasta sauce for a nice kick to any Italian dish

The Petz Kitchen Sacha Inchi Powder Dog & Cat Shaker

- With The Petz Kitchen Sacha Inchi Omega 3 & 6 Digestive Support Dog & Cat Supplement, your furbaby can benefit from the omega-3 and omega-6 fatty acids contained in fish oil, without the fishy smell.
- While fish oils can go rancid and make for a messy delivery, this powdered supplement is super easy to feed – just top dress your pet's feed or even bake it into a homemade diet or treats.
- It still delivers potent fatty acids and antioxidants, supporting overall health and reduced inflammation in your furbaby.
- It may help to protect your pet's joints and revitalize his skin and coat for paw-some health.
- This supplement also supports bone, eye, teeth and ligament health, helping to keep your best friend healthy and happy.

Ingredients **Organic Sacha Inchi.**

Sacha Inchi – Pet Food
